Harrison Memorial Animal Hospital offers expanded access to services for low-income, senior, and unemployed pet owners

Denver, CO – Harrison Memorial Animal Hospital (HMAH), Colorado's largest non-profit veterinary hospital, has altered clinic hours in an effort to better serve pet owners in need. New hours will include appointments available over the lunch hour during the work week and Saturday hours beginning November 16, 2009.

Established in 1990, Harrison Memorial Animal Hospital provides donor-subsidized veterinary services for pets owned by economically disadvantaged families and individuals which can include those affected by unemployment or job reductions. In 2008, Harrison Memorial medical staff provided veterinary care to more than 12,000 sick and injured animals. Harrison Memorial also provides spay/neuter surgeries to the community to help control pet overpopulation, as well as providing discounted spay/neuter surgeries to homeless animals in the care of rescue groups.

Harrison Memorial Animal Hospital is accredited by the American Animal Hospital Association at its highest level, symbolizing our commitment to the highest standards of patient care.

HMAH Services

- Spay and neuter surgeries, available to the general public
- Veterinary medical and surgical services to pets of income-qualified clients
- Spay and neuter surgeries, trauma services, diagnostic, medical, and surgical services for Denver area shelter or rescue organizations

HMAH New Hours

Monday, Tuesday, Thursday, Friday, 7:00 AM to 5:00PM

Wednesday and Saturday, 8:00 AM to Noon

Closed Sunday
